

STELLA MCCARTNEY

SHEER STELLA 2010 Limited edition

Summer Romance

For 2010 Stella McCartney's signature summer fragrance, SHEER STELLA, returns with an exclusively designed bottle.

Roses, by the British contemporary artist Philip Jones, embrace the faceted bottle, capturing his unique talent for creating stories in colour, light and shade. The layered design gives a modern edge to the poetic romance of the rose.

As light passes through the glass, the brushstrokes appear transparent, giving life to the delicate rose, each shade appears both fragile and mysterious.

The fragrance is fresh and luminous, the roses sparkle with notes of green apple and frosted lemons. A heart of peony and roses, caressed with warm amber.

This year's SHEER STELLA is enriched with a natural organic rose, grown by an Ecocert awarded cooperative high in the Persian mountains.

SHEER STELLA compliments the STELLA family of fragrance which includes STELLA, the first perfume by Stella McCartney and newly launched Eau de Toilette STELLANUDE.

SHEER STELLA 100ml will be available from April 2010, and will retail at £36.
